

Privacy Policy

Go Cabs is committed to ensuring that your personal details are treated with outmost security.

We don't store credit card or any financial information.

1 How do you protect my information?

- 1.1 We only use your information in order to fulfil our obligations to you and for administration purposes.
- 1.2 We will only disclose sufficient information to our drivers and sub-contractors in order that they can provide the service requested.
- 1.3 We will never sell or disclose your information to a 3rd party except where required by law.
- 1.4 We use a top-of-the-range security certificate in order to protect your credit card details when you are making a transaction.
- 1.5 Our staffs only have access to the information that is required to do their job.

2 What type of information do you collect?

- 2.1 Any information that you submit into a form may be collected and stored by the web or database server in order to fulfil our legal obligations, keep historical data required by law, improve our operations and to provide the best possible service.
- 2.2 In common with most websites, we automatically collect certain information about your computer in order to analyse how our customers use our website. This information includes your IP address and the details of your web browser.
- 2.3 Email and communications with the site are archived until no longer required.

3 Do you use cookies?

- 3.1 Yes. Cookies are required in order to provide interactive functionality such as logging in, preparing quotes and creating bookings.

4 What information do you send me?

- 4.1 Emails generated in the course of your use of our website such as booking confirmations.
- 4.2 Emails keeping you informed on the progress of your booking.

If you have any questions or concerns regarding how we use your information, please contact us and we will be more than pleased to help with your enquiry.
